

LUCI E
RIFLESSI

COLLEZIONE LUCI E RIFLESSI

La collezione per il bagno LUCI E RIFLESSI presenta una ricca gamma di specchi e sistemi di illuminazione coordinati. L'uso di TECNICHE e materiali innovativi ed un DESIGN rigoroso offrono soluzioni di grande funzionalità e alto gusto.

'Un viso illuminato completamente - un trucco sempre perfetto' OML in collaborazione con METAL LUX ha realizzato delle specchiere per il bagno con un nuovo sistema a calamita di illuminazione che permette di spostare i faretti nella posizione desiderata solo con le mani senza l'utilizzo di nessun attrezzo. Il sistema è a norma CE, l'impianto è a 12 Volt

LUCI E RIFLESSI COLLECTION

The Bathroom's collection LUCI E RIFLESSI shows a rich range of mirrors and systems of lighting coordinated. The use of TECHNIQUES, new materials and a precise DESIGN offers a functional and refined solutions.

'A completely brighten face, a perfect make- up'

OML with METAL LUX has realized bathroom's mirrors with a new lighting magnet system that permit you to move the light in any position you want only with a hand and without any tools. CE – Norm, 12 Volt.

COLLECTION LUCI E RIFLESSI

La collection pour le bain LUCI E RIFLESSI présente une riche gamme de miroirs et de systèmes d'illumination coordonnés. L'emploi de TECHNIQUES, de nouveaux matériels et d'un raffiné DESIGN offre solutions fonctionnelles et de grand goût.

'Un visage tout éclairé, un parfait make - up'.

OML avec la collaboration de METAL LUX a réalisé des miroirs pour le bain avec un nouveau magnéto système qui permet de déplacer les lumières où on désire seulement avec la main et sans l'emploi d'aucun outil. CE – norme, 12 Volt .

KOLLEKTION LUCI E RIFLESSI

LUCI E RIFLESSI, eine reiche Kollektion von Spiegeln und Leuchten fürs Bad mit innovativen Lösungen, neuen Materialien und ausgefeilter Technik. Hoher Design-Anspruch kombiniert mit absolut funktionsgerechtem Gebrauch.

'Ein optimal ausgeleuchtetes gesicht - ein perfektes make-up'

OML präsentiert in Zusammenarbeit mit METAL LUX ein neues Beleuchtungssystem fürs Bad. Mit der Hand lassen sich die Leuchtkörper versetzen, ganz nach Wunsch und Bedürfnis. CE-Norm, 12 Volt

COLECCIÓN LUCI E RIFLESSI

El rostro iluminado completamente, un maquillaje perfecto: ésto es lo que quieren las clientes.

Hoy en día OML le corresponde a estas exigencias produciendo espejos con una técnica de iluminación totalmente móvil, una colaboración innovativa con Metal Lux, empresa líder en el sector de la proyectación y producción de equipos de alumbrado. Dicho nuevo sistema consiente mover a gusto y a discreción del cliente, el grupo de alumbrado por encima, por el lado del espejo, y a la inversa sin usar utensilio alguno, solamente con las manos, y sin peligro alguno para las persona. Ello es posible porque el grupo de alumbrado está alojado encima de un marco equipado con unas calamitas que consienten mover el espejo como uno quiere. La instalación es de 12 V Además ... un amplio programa de iluminación con espejos, apliques y plafones. El catálogo específico permite una consultación clara para una elección segura, personalizada y coordinada.

Norme CEI

Tutti i prodotti elettrici: Appliques e Plafoniere, siano essi posizionati a parete, che applicati sugli specchi, presenti sul nostro catalogo, sono state testate e controllate, presso i laboratori universitari di compatibilità elettromagnetica, "Leopoldo Nobili" Reggio Città degli Studi S.p.A. accreditato. Tali prodotti sono risultati idonei e conformi alla direttiva 89/336/CEE(EMC) compatibilità elettromagnetica ed alla sicurezza elettrica 73/23 CEE (LVD).

CEI standards

All our electrical products: ceiling and wall lights, whether wall or mirror mounted, present in our catalogue, have been tested and checked for electromagnetic compatibility at the official "Leopoldo Nobili" Reggio Città Degli Studi SpA university laboratories. These products have been shown to be standard and compliant with Directive 89/336/EEC (EMC) electromagnetic compatibility and with electric safety 73/23 EEC (LVD).

NORMES CEI

Tous les produits électriques ont été testés et contrôlés dans les laboratoires universitaires accrédités Leopoldo Nobili Reggio Città degli Studi SpA. Qu'il s'agisse d'appliques ou de plafonniers, à fixation murale ou sur miroirs, figurant sur son catalogue, ils y ont tous été soumis à des essais de compatibilité électromagnétique dont les résultats ont confirmé qu'ils sont adaptés et conformes à la directive 89/336/CEE (EMC) en matière de compatibilité électromagnétique et de sécurité électrique 73/23 CEE (LVD).

IEC-Richtlinien

Alle in unserem Katalog aufgeführten elektrischen Produkte: Wand- und Deckenleuchten, sei es dass sie an der Wand oder an den Spiegeln angebracht sind, wurden in den akkreditierten Universitätslaboratorien für elektromagnetische Kompatibilität "Leopoldo Nobili" Reggio Città degli Studi S.p.A. getestet und überprüft. Jene Produkte haben sich laut der EG-Richtlinien 89/336 (EMC) für elektromagnetische Kompatibilität und elektrische Sicherheit 73/33 (LVD) als geeignet und übereinstimmend ergeben.

Normas CEI

Todos los productos eléctricos presentes en nuestro catálogo (apliques y plafones, ya sean de pared o para aplicar en espejos), han sido probados y controlados en los laboratorios universitarios de compatibilidad electromagnética "Leopoldo Nobili", Reggio Città degli Studi Spa, ente acreditado. Dichos productos resultan idóneos y conformes a la directiva 89/336/CEE (EMC) en materia de compatibilidad electromagnética, así como a la norma de seguridad eléctrica 73/23 CEE (LVD).

Realizziamo specchi al centimetro:

Specchi lisci con filo lucido e specchi con molatura da 1,5 cm lungo il profilo

Specchi filo lucido taglio rettangolare.

Mirrors glossy profile, rectangular cut.
